

Yogeswara Reddy Gondesi

REGIONAL SALES DIRECTOR | POWER DISTRIBUTION & ELECTRICAL INFRASTRUCTURE | MIDDLE EAST

Dubai, UAE | +971 56 167 8385 | yogeswarareddy99@gmail.com | linkedin.com/in/yogeswara-reddy-gondesi-b2144364

11+ yrs electrical infrastructure sales · 6+ yrs management

B.Tech Electrical & Electronics Engineering

15–20% YoY channel revenue growth

Earthing, Lightning & Surge Protection (IEC 62305, IEEE Std. 80)

8-country distributor network

15-person front-line sales force led (4 direct + distributor teams)

€5M annual distributor agreement portfolio · €1.2M largest single order

PROFESSIONAL SUMMARY

Regional Sales Director-track leader with **11+ years** building and leading electrical product distribution networks across the Middle East, including **6+ years** in management and **3+ years** at Manager level directing strategic sales for a multinational electrical infrastructure manufacturer, leading a **4-person in-house team** and, through weekly performance reviews, effectively directing a **15-person front-line sales force** spanning in-house and on-ground distributor staff. Bachelor of Technology in Electrical and Electronics Engineering (Distinction) provides the technical grounding to represent power distribution, earthing, lightning protection, and surge protection systems (**IEC 62305, IEEE Std. 80**) directly to consultants, EPC contractors, and end customers across the region. Proven track record in distribution channel strategy, partner appointment and development, channel segmentation and coverage modelling, and performance-based partner programs — delivering **15–20% year-on-year channel revenue growth** and **20–30% revenue growth** on new product launches. Skilled in quarterly business reviews, distributor sales-team training, commercial negotiation, inventory and working-capital management, and credit governance across an eight-country distributor network — owning a **€5M annual distributor agreement portfolio** and personally negotiating the largest single order in the portfolio's regional history at **€1.2M**. Reports directly to senior international leadership, including the company's Management Board in Germany.

CORE COMPETENCIES

- Distribution Channel Strategy & Execution
 - Partner Identification, Appointment & Development
 - Channel Segmentation & Coverage Modelling
 - Performance-Based Partner Programs
 - Annual Sales Target Delivery & Revenue Management
 - Quarterly Business Reviews (QBRs) with Key Distributors
- Distributor Sales Team Training & Enablement
 - Commercial Negotiation & Annual Agreement Management
 - Inventory Management & Working Capital Optimisation
 - Credit Management & Sales Policy Compliance
 - Market & Competitive Analysis, Pricing Strategy
 - EPC / Consultant / Contractor Technical Engagement

PROFESSIONAL EXPERIENCE

OBO Bettermann Middle East and North Africa FZCO

Dubai, UAE — Electrical Infrastructure Products

Manager, Technical & Strategic Sales

Apr 2023 – Present

- Develop and execute distribution strategy aligned with regional business goals across **8 Middle East markets** (UAE, Kuwait, KSA, Qatar, Bahrain, Oman, Egypt, Lebanon) — defining channel segmentation, coverage models, and performance-based partner programs for electrical infrastructure products across construction, industrial, and infrastructure verticals.
- Identify, appoint, and develop new distribution partners in untapped market segments; lead a **15+ distributor partner network** through structured quarterly business reviews (QBRs) aligned to annual sales targets and joint demand-generation initiatives.
- Deliver annual sales targets through country-level sales plans, monitoring pipeline and forecast accuracy via CRM (MS Dynamics) — achieving **15–20% year-on-year channel revenue growth**.

- Execute go-to-market strategies for **3 major new product launches**, combining competitive analysis and pricing strategy to enter previously untapped segments — **20–30% revenue growth** in each new category within its first year.
- Negotiate a distributor agreement portfolio worth **€5M annually** — pricing strategy, margin protection, credit management, inventory levels, and working-capital optimisation — across competitive Middle East markets; personally negotiated and closed the largest single order in the portfolio's regional history at **€1.2M**.
- Support project business through the distributor network, engaging directly with consultants and contractors on technical specifications to strengthen brand positioning and drive specification wins on competitive projects.
- Lead a **4-person in-house team** and, through weekly performance reviews, effectively direct a **15-person front-line sales force** (in-house plus on-ground distributor sales staff) against monthly and annual KPI targets.
- Present regional distribution performance, forecasts, and strategic recommendations to senior international leadership including the **Management Board in Germany**.

Assistant Manager, Technical & Sales

Jan 2020 – Apr 2023

- Built distribution network from **zero** for the TBS product vertical across the Middle East — appointing and developing **7+ new distribution partners**, defining channel segmentation and coverage models, and reaching **~70% of annual sales target by Year 3**.
- Established sub-distribution channels and retail partnerships across the UAE, growing active partner count by **~20%** and expanding into product categories previously not served by the network.
- Represented OBO Bettermann MENA at major international exhibitions, including **Light + Building** (Frankfurt, Germany) and **The Big 5** (Riyadh, KSA) — generating new distributor relationships and reinforcing regional brand presence.
- Conducted technical site visits, inspections, and surveys with regional partners to assess customer requirements and propose appropriate earthing, lightning, and surge protection solutions.

EARLIER CAREER

Senior Technical Sales Engineer / Technical Sales Engineer, OBO Bettermann MENA FZCO — Jan 2018 – Dec 2019
Senior Sales Engineer / Sales Engineer, Cupra International, Dubai — Nov 2014 – Dec 2017

Served as technical specialist for distribution partners, consultants, and EPC contractors on earthing, lightning protection, and surge protection systems — building the channel credibility and regional client network that underpins the subsequent distribution management career.

TECHNICAL SKILLS

Electrical Systems & Power Distribution | Earthing & Lightning Protection (IEC 62305, IEEE Std. 80) | Surge Protection Devices | Industrial Controls & Infrastructure | CRM Pipeline Management (MS Dynamics) | Sales Forecasting & Reporting | Power BI | Tableau | AutoCAD | MS Project
