

Yogeswara Reddy Gondesi

DIRECTOR, BUSINESS DEVELOPMENT | ENERGY TRANSITION & INDUSTRIAL ELECTRIFICATION | MENA

Dubai, UAE | +971 56 167 8385 | yogeswarareddy99@gmail.com | linkedin.com/in/yogeswara-reddy-gondesi-b2144364

11+ yrs industrial B2B channel leadership	Certified: Green Hydrogen, Green Ammonia & Renewable Energy
15–20% YoY channel revenue growth	B.Tech Electrical & Electronics Engineering
15-person front-line sales force led (4 direct + distributor teams)	
€5M annual distributor agreement portfolio · €1.2M largest single order	Reports to Management Board (Germany HQ)

PROFESSIONAL SUMMARY

Industrial B2B sales and channel leader with **11+ years** building distribution and client networks across the GCC, Levant, and North Africa, now building toward Director-level roles at the intersection of industrial channel leadership and the region's energy transition. Currently Manager, Technical & Strategic Sales for a multinational electrical infrastructure manufacturer, owning a **15+ partner distributor network** across 8 countries and delivering **15–20% year-on-year channel revenue growth**, with direct reporting exposure to senior international leadership including the company's Management Board in Germany. Leads a **4-person in-house team** and, through weekly performance reviews, effectively directs a **15-person front-line sales force** spanning in-house and on-ground distributor sales staff. Engineering-trained (B.Tech, Electrical & Electronics Engineering) with a business qualification (PG Diploma, Business Administration – Marketing) and certification in **Green Hydrogen, Green Ammonia, and Renewable Energy**, bringing both a proven commercial/channel playbook and a deliberately built technical foundation in decarbonization and industrial electrification to energy-transition client conversations. Skilled in CRM-governed forecasting, commercial negotiation, and cross-functional stakeholder alignment across multi-country, matrixed organizations — owning a **€5M annual distributor agreement portfolio** and personally negotiating the largest single order in the portfolio's regional history at **€1.2M**, capabilities directly transferable to a technically complex, standards-driven energy-transition portfolio.

CORE COMPETENCIES

- Energy Transition & Industrial Electrification
 - Green Hydrogen & Renewable Energy Fundamentals
 - Regional Channel Strategy & Distributor Development
 - Business Target Agreement (BTA) / AOP Planning
 - CRM-Led Bookings Forecasting (MS Dynamics)
 - Industrial Client Engagement & Negotiation
- Compliance & Sales Governance
 - Market Segmentation & Strategic Positioning
 - Cross-Functional & Multi-Country Stakeholder Alignment
 - Team Coaching, Development & Performance Management
 - Go-to-Market Strategy & New Category Launch
 - Technical Consultative Selling (EPC / Consultant Engagement)

PROFESSIONAL EXPERIENCE

OBO Bettermann Middle East & North Africa FZCO

Dubai, UAE

Manager – Technical & Strategic Sales	Apr 2023 – Present
- Lead regional sales activities across 8 MENA markets, developing and executing annual sales targets and channel strategy — achieving 15–20% year-on-year channel revenue growth. - Maintain accurate regional forecasts using CRM-driven pipeline management (MS Dynamics); lead a 4-person in-house team and, through weekly performance reviews, effectively direct a 15-person front-line sales force (in-house plus on-ground distributor sales staff) to ensure country and regional growth targets are met.	

- Manage and enforce sales policies, governance, and compliance procedures across the regional partner network, driving adoption of digital tools to improve pipeline visibility and performance reporting.
- Executed **3 major product launch** go-to-market strategies with **20–30% revenue growth** in new categories — direct, transferable experience for introducing a new (energy-transition) portfolio into an established distributor and client network.
- Lead client engagement, commercial negotiation, and issue resolution at senior levels across the GCC, Levant, and North Africa, owning a **€5M annual distributor agreement portfolio** and personally negotiating the largest single order in the portfolio's regional history at **€1.2M**.
- Present bookings performance, pipeline forecasts, and strategic recommendations to senior international leadership including the company's **Management Board in Germany**.

Assistant Manager – Technical & Sales

Jan 2020 – Apr 2023

- Built a new product vertical from **zero market presence** to an established, sustainably growing revenue line within three years — reaching **~70% of annual target by Year 3** — appointing **7+ new distribution partners** across the region.
- Collaborated with the Regional Director on market planning, data analysis, and executive reporting to the company's Management Board in Germany — direct exposure to multi-country governance and performance accountability.
- Represented the company at major international industry exhibitions (Light + Building, Frankfurt; The Big 5, Riyadh), generating new client and partner relationships across the region.

EARLIER CAREER

Senior Technical Sales Engineer / Technical Sales Engineer, OBO Bettermann MENA FZCO — Jan 2018 – Dec 2019

Senior Sales Engineer / Sales Engineer, Cupra International, Dubai — Nov 2014 – Dec 2017

Built the industrial client relationships and technical consultative-selling foundation — spanning electrical infrastructure and industrial product categories — that underpins the subsequent channel-leadership career and the pivot toward energy-transition client engagement.
